

# Analog Delay

## Introduction

ADL2 'ARTEC ANALOG DELAY' is the very ANALOG DELAY- ECHO EFFECT that players who are tired of the Dry-Taste of Digital Effect have been looking for.

ADL2 'ARTEC ANALOG DELAY' can control the Tone of the Delay Sound from Tab Delay to Long Delay with real analog delay circuitry.

This product can be one of your valuable gears because it is made of the robust Metal Case and the reliable Mechanical Metal Foot Switch.

ARTEC ANALOG DELAY will give the cool effect sound with perfect DIRECT BYPASS and NON FILTERED OUTPUT functions.

## Important Safety Instructions

**The Direct-Bypass** function has a different Output Impedance when in Bypass and when in Active. Therefore when the Input Impedance of the connected part with the Output is low the sound level in the case of Bypass and in the case of Active can be unbalanced.

### Warning

1. Do not leave this unit near fire.
2. Do not expose this unit to moisture.
3. Protect this unit from strong impact.

### Caution

1. Please use this unit with DC9V adaptor or 9V Alkaline battery.
